

Organic Astragalus Root Slices

What is Organic Astragalus Root Slices?

Organic Astragalus Root Slices are meticulously prepared from 100% pure, organically grown roots of *Astragalus membranaceus*. The roots are carefully harvested, cleaned, and then gently dried before being precisely cut into convenient, uniform slices. This minimal processing ensures the preservation of the root's natural components, including its polysaccharides, saponins (astragalosides), and flavonoids, offering a comprehensive profile of the herb's benefits in an easy-to-use format. The organic certification guarantees that the raw materials are cultivated without synthetic pesticides, herbicides, or genetically modified organisms, aligning with strict clean-label and natural ingredient standards.

Astragalus is revered as an adaptogen, helping the body adapt to stress and maintain balance. Its primary fame comes from its profound role in supporting a healthy immune system, often referred to as an "immune tonic." Beyond immunity, it's traditionally used to boost energy, support cardiovascular health, and promote vitality. Our **Organic Astragalus Root Slices** provide an authentic and potent way to incorporate this esteemed herb into your product lines, appealing to consumers seeking natural support for their immune system, energy levels, and overall well-being through traditional

methods like infusing, simmering, or decocting.
