

Organic Cassia

What is organic Cassia?

Organic Cassia, also known as Chinese cinnamon, is a premium spice derived from the bark of organically cultivated *Cinnamomum cassia* trees. Renowned for its warm, sweet, and slightly spicy flavor, cassia is widely used in culinary, medicinal, and industrial applications. With its rich aroma and numerous health benefits, Organic Cassia offers a versatile and sustainable ingredient for both personal and commercial use.

Production Process:

- **Organic Cultivation:** Cassia trees are grown without synthetic chemicals, pesticides, or GMOs.

- **Harvesting:** Mature bark is carefully hand-harvested to preserve quality.
- **Cleaning:** The bark is washed and cleaned using purified water.
- **Drying:** Bark is air-dried under controlled conditions to retain flavor and nutrients.
- **Grinding (Optional):** Dried cassia bark is milled into a fine powder for specific applications.
- **Quality Control:** Each batch undergoes rigorous testing to ensure compliance with organic standards.
- **Packaging:** Packed in eco-friendly, food-grade materials to maintain freshness.

Key Features:

- **Certified Organic:** Free from synthetic additives, pesticides, and GMOs.
- **Rich Aroma and Flavor:** Offers a warm, sweet, and spicy profile.
- **High Nutritional Value:** Contains antioxidants and essential oils.
- **Versatile:** Available as whole bark, powder, or cut-and-sifted forms.
