

# Organic Maitake Mushroom Extract Powder

## What is Organic Maitake Mushroom Extract Powder?

Organic Maitake Mushroom Extract Powder is derived from the *Grifola frondosa* mushroom, commonly known as Maitake or "Hen of the Woods." This mushroom has been revered in traditional medicine for its immune-boosting and adaptogenic properties. Rich in beta-glucans, polysaccharides, and antioxidants, Organic Maitake Mushroom Extract Powder is a potent ingredient for supporting immune health, overall vitality, and well-being. Sourced from organic Maitake mushrooms, free from pesticides and chemicals, this extract powder is perfect for supplement formulations, functional foods, or herbal teas.

## Production Process:

- **Sourcing:** Our organic Maitake mushrooms are grown under controlled, sustainable conditions without the use of pesticides or synthetic fertilizers.
- **Harvesting:** The mushrooms are harvested at their peak maturity to ensure high levels of active compounds.
- **Extraction:** Using water or alcohol extraction methods, we obtain the bioactive ingredients, including beta-glucans and polysaccharides, from the mushroom fruiting bodies.
- **Concentration and Drying:** The extracted liquid is concentrated, then dried and finely milled into a fine powder to preserve the mushroom's medicinal properties.
- **Quality Control:** Each batch undergoes rigorous testing to ensure potency, safety, and purity.

## Key Features:

- **100% Organic:** Free from synthetic chemicals, pesticides, and fertilizers.
- **Rich in Beta-Glucans:** Contains high levels of beta-glucans known to support immune function and enhance vitality.
- **Antioxidant Properties:** Supports overall health by combating oxidative stress.
- **Adaptogenic Benefits:** Helps the body adapt to stress and promotes overall well-being.
- **No Additives:** Pure, clean powder with no fillers, preservatives, or artificial ingredients.
- **Vegan and Gluten-Free:** Suitable for vegan, vegetarian, and gluten-free diets.

## Specifications:

Parameter	Limit/Description
<b>Appearance</b>	Fine, brown to tan powder
<b>Beta-Glucans Content</b>	≥ 25% (Guaranteed minimum)
<b>Moisture Content</b>	≤ 8%
<b>Heavy Metals</b>	Lead (Pb) ≤ 0.5 ppm, Arsenic (As) ≤ 0.3 ppm, Cadmium (Cd) ≤ 0.2 ppm, Mercury (Hg) ≤ 0.1 ppm
<b>Microbiological Limit</b>	Total Plate Count ≤ 10,000 CFU/g

Parameter	Limit/Description
<b>E. coli</b>	Absent
<b>Salmonella</b>	Absent
<b>Packaging</b>	25 kg bags, or customized packaging options

## Applications:

- **Immune Support Supplements:**

- Ideal for immune-boosting formulas, as beta-glucans and polysaccharides are known to enhance immune function.
- Commonly used in capsules, tablets, and powder form for direct consumption.

- **Functional Foods and Beverages:**

- Can be added to smoothies, energy bars, soups, or teas for additional health benefits.
- Blends seamlessly into functional food products targeting immunity, vitality, and overall well-being.

- **Herbal Teas:**

- Used in tea blends aimed at promoting immune health and vitality.
- Can be combined with other adaptogenic herbs such as ginseng or ashwagandha for synergy.

- **Traditional Medicinal Use:**

- Maitake has a long history of use in traditional herbal medicine, particularly for supporting immune health and as an adaptogen.

## Why Choose Our Organic Maitake Mushroom Extract Powder?

- **High Potency:** With a guaranteed beta-glucan content of at least 25%, our extract is potent and effective.
- **Organic and Clean:** Sourced from certified organic Maitake mushrooms, free from harmful chemicals and additives.
- **Immune and Vitality Support:** Known for its immune-enhancing and adaptogenic properties, perfect for boosting overall health.

- **Rigorous Quality Control:** Every batch undergoes stringent testing to ensure purity, safety, and potency.
- **Sustainably Sourced:** We prioritize environmentally friendly farming and ethical sourcing practices.
