

Organic Rice Protein Peptide

What's organic rice protein peptide?

Organic Rice Protein Peptide is a mix of all kinds of amino acids' aggregation made from organic rice. Our Organic Rice is planting and growing in Liaoning and Heilongjiang province, the northeast region of China, where is famous for black soil land and the high-temperature difference between day and night. Thus our organic rice protein is very rich nutrients and fragrant with a strong rice taste. Rice protein-peptide molecular weight is smaller than protein, but the simple structure, strong physiological active substance. It has all the important properties of conventional rice protein, amino acids combination is much more reasonable than any other natural protein, less allergic, the absorptivity is as high as 99%, and so on. Organic rice protein-peptide with strong activity and diversity, and it does not need to digest, zero consumption of body energy, as trace element transport carrier,

neurotransmitter, responsible for human body information transmission between different organs systems, up to more than 85% of active protein content, supplement for human consumption, enhance constitution, health promotion, can reduce the damage from a variety from the different modern virus. From the functional viewpoint, Rice Protein Peptide can do much more than lower cholesterol and blood pressure, prevent from cardiovascular diseases, antitumor, anti-radiation, antirheumatic, regulation of the endocrine, inhibit the platelet aggregation and vasoconstriction, analgesic effect, anti-aging, eliminate fatigue, enhances the absorption of minerals, etc. As protein additives, it's the best quality, most advanced technology content, and high-level marketable resource and can be widely used in health food, nutrition food, baking food, athletic food, and more.

Specification

PRODUCT NAME	Organic Rice Protein Peptide
ORIGIN OF PLANT	<i>Oryza Sativa</i>
ORIGIN OF COUNTRY	China
PHYSICAL / CHEMICAL/ MICROBIOLOGICAL	
APPEARANCE	Fine powder
COLOR	Beige or light beige
TASTE & ODOR	Characteristic
PROTEIN(DRY BASIS)(NX6.25)	≥80%
MOISTURE	≤5.0%
FAT	≤7.0%
ASH	≤5.0%
PH	≥6.5

TOTAL CARBOHYDRATE	≤18
HEAVY METAL	Pb<0.3mg/kg
	As<.0.25 mg/kg
	Cd<0.3 mg/kg
	Hg<0.2 mg/kg
PESTICIDE RESIDUE	Complies with NOP & EU organic standard
MICROBIOLOGICAL	
TPC (CFU/GM)	<10000 cfu/g
MOULD & YEAST	< 100cfu/g
COLIFORMS	<100 cfu/g
E COLI	Negative
STAPHYLOCOCCUS	Negative
SALMONELLA	Negative
MELAMINE	ND
GLUTEN	< 20ppm
STORAGE	Cool, Ventilate & Dry
PACKAGE	20kg/bag
SHELF LIFE	24Months

REMARK

Customized specification also can be achieved

Packing
